Agenda

I. Call to Order/Introductions

- Any action items presented here, REMSA will accept as approval of the group who attend the meeting
- Meetings will be held via Microsoft TEAMS for the foreseeable future. All meetings will also be recorded.

II. +EMS Project

- +EMS Project will conclude at the end of October 2021, however, our intention is to continue on with this and to have it be a system wide county tool
- POLST Search functionality is live! And has been successful with search and alerts
- File/reconcile update
 - Demoed and will hopefully go live within the next few weeks
 - In the admin payment section, facesheets, can input the hospital registration number with medical record number and encounter number (validation rules will be tied in with these to ensure the correct number of numbers are input per facility)
 - More to come!

III. ImageTrend Defect's and Updates

- NEMSIS 3.5 Tol Upgrade with version 21.06
- ePCR redesign
 - rearrange the elements for a more focused flow
 - REMSA will also take stakeholders' input
 - Validation rules and visibility rules will still apply, along with nemsis 3.5 data elements
 - Nick will send out a copy of the elements that were added/retired
- Everything else in the system is running smoothly
- Duplication of crew members in the CAD, still waiting for a fix
- Report Writer still has the transfer rig number info that is not showing up in report writer, it will be resolved in August at the next Report Writer update

IV. Change Request's

- MCI Documentation discussion
 - Addressing Cal Fire's request for a change/update in the MCI documentation format
 - Show and tell of the current MCI documentation format
 - Disposition is: MCI patients triaged and care transferred to other EMS units
 - Brings up multiple patients at scene, can link up multiple patients to the incident
 - Opens up MCI/MPI panel
 - Triage classification
 - Triage tag number
 - # of patients on scene
 - MPI/MPI – MICN Action worksheet demoed
 - ePCR workgroup feels the worksheet is a great idea for a temporary fix until a grid can be developed
 - ePCR workgroup agrees to proceed with the worksheet. Nick will build this out and notify the group when it is complete

New requested Items

VI. Roundtable

- Legacy Data Updates
 - Still being worked on by ImageTrend
- Lisa, CQI module list will be renamed

Next meeting: Thursday July 15th, 2021 via Microsoft TEAMS at 1:00 p.m.
